

Intern Pastor Report
Lisa Kipp
Hosanna Lutheran Church Council
February, 14, 2012

Here are some highlights from the areas of ministry I am most involved in.

We have been preparing for **Lent**. If you haven't heard, this Lent we are going to be reading the gospel of John together as a congregation. Pick up a bookmark and prepare to start reading about 20-30 verses a day beginning on Ash Wednesday, February 22. You can also visit www.alongthewaytothecross.blogspot.com to keep up with the daily reading and engage in conversation with Hosanna members outside the walls of our building. Our Wednesday evening services will feature our candle prayer boxes and a sermon series on the gospel of John. Please plan to join us *along the way to the cross*.

It's always good to step back and evaluate how things are going. This winter I've been meeting with the leaders of **Bible Song**. On Monday, February 13 a survey was sent out to all parents of Bible Song students. We're taking a look at Bible Song and asking those that are most involved with the program how it is going. You're welcome to take part in the survey by [clicking here](#). As we look at the results to the survey, we're going to begin to evaluate how we should move forward with Sunday School. Depending on the results, we may tweak the way we do Bible Song now, or possibly preview some different Sunday School curriculum with some classes this Spring. Whatever we do, we'll keep you informed along the way.

I'm looking forward to begin working with Barb Anderson as we form an **Outreach Dream Team**. You can learn more about what we're doing by reading Barb's [Outreach Advocate report](#).
